### **EDUCATION SCHOOL ORGANISATION REVIEW 2006 - 2016**

Change from 3-tier to 2-tier structure.

The 2 tier system provided :

- a school structure that was aligned to the national curriculum,
- offered clear accountability for each key stage,
- matched the timing of Key Stage 2 tests with the final year in primary school and
- reduced the number of points of transfer.
- more sustainable, particularly in terms of recruitment and retention,

The Panel believed, therefore, that the 2 tier system offered greater potential to improve pupil performance.
